To the extent that the services provided by the Contractor require the provision of any of the above types of products, the environmentally preferable type of product is to be furnished unless that type of product is not available competitively within a reasonable time, at a reasonable price, is not life cycle cost efficient in the case of energy consuming products, or does not meet reasonable performance standards. The clauses at FAR 52.223-2, Affirmative Procurement of Biobased Products under Service and Construction Contracts, 52.223-15, Energy Efficiency in Energy Consuming Products, and 52.223-17 Affirmative Procurement of EPA-Designated Items in Service and Construction Contracts, in Section I require the use of products that have biobased content, are energy efficient, or have recycled content.

#### **H. 29 OPTION TO EXTEND SERVICES**

The Government may require continued performance of any services specified in the contract. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days of the expiration of the contract.

Fee(s) for the extension period will be negotiated in accordance with DEAR 970.15 prior to commencing any work for the extended period(s).

#### **H.30 OPTION TO EXTEND SERVICES**

The Government may require continued performance of any services specified in the contract beyond March 31, 2014. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 3 months. The Contracting Officer may exercise the option by written notice to the Contractor prior to the expiration of the contract.

Fee(s) for the extension period will be negotiated in accordance with DEAR 970.15 and the terms of the contract prior to commencing any work for the extended period(s).
